Education

NxtWave
Full Stack Developer

B-Tech in Mechanical Engineering

Work Experience

vSaas Global
Python Developer
March 27, 2023 - September 31, 2023

• Developed a full-stack e-commerce website with all the functionalities similar to Flipkart.

• Utilized Python, React.js, Node.js, Express.js, and MySQL to create a robust and scalable platform.

• Collaborated with a cross-functional team to ensure seamless integration of frontend and backend components.

Dugong Global Services
Team Leader
October 2023 - Present

• Played a major role in this startup, acting as a team leader and handling HR-related tasks.

• Led a team working on smart contracts in Rust, providing debugging support and code solutions.

• Successfully uploaded several crates to crates.io under the name "dharitri".

• Facilitated team collaboration and ensured project milestones were met efficiently.

Skills

• **Programming Languages**: Python, Rust, JavaScript (React.js, Node.js, Express.js)
• **Tools & Technologies**: Puppeteer, MySQL
• **Other Skills**: Data Structures and Algorithms in Python

Projects

• **E-Commerce Website Mini Project**: Built a full-stack e-commerce platform with comprehensive functionalities.

- **Simple Blockchain Mini Project**: Developed a basic blockchain application.
- **Full Stack To-Do App**: Created a to-do application using Puppeteer for sending automatic OTPs to email for user login.
